## BIG CASH PRIZES!

### PLAYING FOOTCALL COULDN'T BE EASIER...

1. You do not need to know anything about football to play FOOTCALL. Like the actual World Cup, Footcall is a game of two halves; the **GROUP STAGES** and the **KNOCKOUT STAGES** and this year it's all done online [www.footcall.co.uk](http://www.footcall.co.uk)
2. Complete the first part of Footcall by predicting the scores for the World Cup 2018 Group Stages matches. You must predict **ALL** the scores for **ALL** the Group Stages matches. If you'd like to see the fixtures before committing your entry online, you can download a blank fixtures form the How To Play page on the website.
3. Get your entry in before **8pm Friday 8 June** with your £10 entry fee. Payment can be made by PayPal, cash, or cheque.
4. Receive 3 points for exact scores or 1 point for correct results. The league and match reports will be published daily.
5. Based on the number of entries, cash prizes awarded to the halfway league leaders.
6. When the Group Stages are complete on Thursday 28 June, you will automatically receive notification to complete the second half of Footcall; the Knockout Stages.
7. Predict who of the remaining teams left in the competition will go through each round. You must predict **ALL** the match winners right through to the team that will go on to lift the trophy. **Forms must be returned before kickoff at 3pm on Saturday 30 June 2018**
8. In the Knockout Stages you receive accumulative points for correct result predictions, the match scores are irrelevant in this part of the competition.
9. Cash prizes will be awarded to the top league leaders with the overall winner receiving the title of **FOOTCALL 2018 CHAMPION!**
